Dear Healthcare Provider

Subject: Transdermal Hormone Therapy Patches Stock Supply Update

Due to the out-of-stock situation we experienced on Estradot 50mcg last year, there was an increased demand for Evorel 50 mcg. As a result, Evorel 50 mcg is currently out of stock. We anticipate having stock available on Evorel 50 mcg in March 2023. Please note that we have ample stock of Evorel 25 mcg, 75 mcg and 100 mcg as well as on Evorel Conti 50/170 mcg and Evorel Sequi 50 mcg (4)

Supply on the Estalis & Estradot range has improved and all strengths are available.
